

Test page

We have found a lot of new and interesting molecules.
We have found a lot of new and interesting molecules.
We have found a lot of new and interesting molecules.
We have found a lot of new and interesting molecules.
We have found a lot of new and interesting molecules.
We have found a lot of new and interesting molecules.

Here, have a look at one:

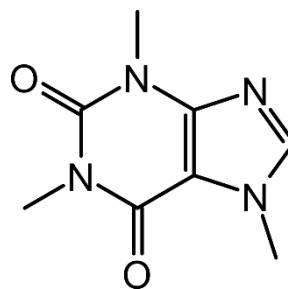

Figure 1: A very interesting molecule.

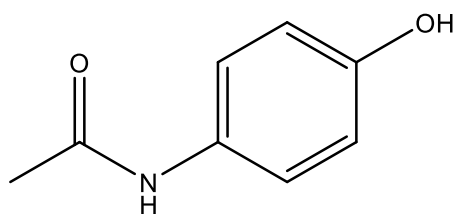

Figure 2: Another interesting molecule.

Molecules are great. Look, here we have something that looks like a chemical reaction:

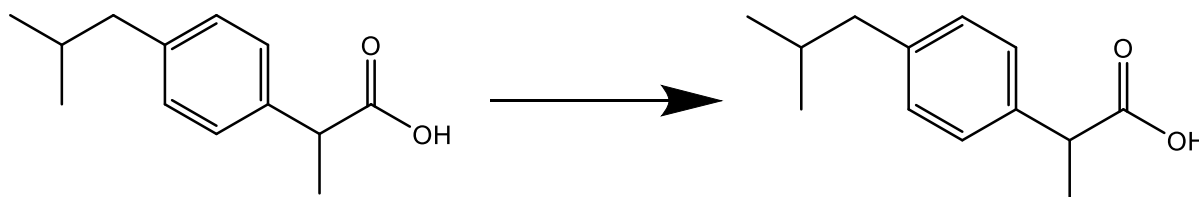

Figure 3: Nothing happens.

Here is a big one:

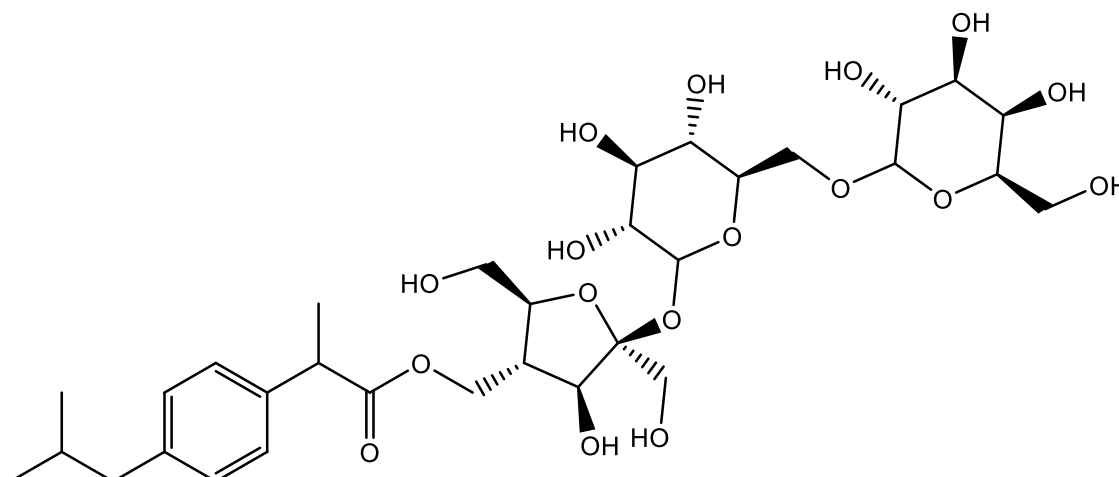

Figure 4: A molecule with some sugar units.
